Ref: DSD/2016/446

Date: 18 October 2016

Dear Mr. Carteron,

The United Nations Department of Economic and Social Affairs (UN DESA), Division for Sustainable Development, following our earlier discussions, hereby proposes a collaboration with the SULITEST organization, based on this exchange of letters.

In support of the follow-up and review framework of the 2030 Agenda, UN-DESA wishes to collaborate with SULITEST in an initiative to include questions around the SDGs (SDG Questions) in the SULITEST assessment platform to students of Higher Education Institutions (HEI’s) around the world. The results from these questions could help identify gaps in knowledge on sustainable development.

I. DESA/DSD shall be responsible for:

- Development the SDG Questions
- Recognition of the SULITEST as a contributor to the review of the 2030 Agenda through the High-level Political Forum, on the DSD website.

Any breach of the terms stipulated in this letter will result in termination of said agreement.

We look forward to our successful collaboration in this endeavor in support of the 2030 Agenda for Sustainable Development.

Yours sincerely,

Juwang Zhu
Director
Division for Sustainable Development
