IT PRODUCT OWNER
ROLE DESCRIPTION

We are a growing social business, and we need team members who want to be an actor of change. Sulitest influences higher education and corporation to mainstream sustainability. We are used on 5 continents and recognized by the UN (see our [last report](#) published for the UN HLPF).

We are specifically looking for someone to lead our IT choices, to manage our future IT team and to be the interface with our IT partner(s).

Your mission

Sulitest's IT platform is at the core of our activities. It is an in-house web application displaying our online tools for sustainability (with user and data management, workflow…). Your mission, if you were to accept it, is to make this IT platform, and the tools it hosts:
- fit to our mission and needs,
- delivering a great users' experience and helping them to rock the world towards sustainability,
- always robust, tested and improving continuously
- inclusive, safe and compliant to GDPR and green IT and all other things they need to comply to.

You will work directly alongside the co-founders and the team in driving strategic and functional IT choices, to channel the creativity of the team, while keeping a rigorous IT project management. You will be the interface with our IT partner(s) to challenge their proposals and to ensure strategy alignment. You will also recruit and manage the Sulitest IT support team.

Responsibilities

- Be the Product Owner of the Sulitest IT platform and optimize users' experience, bring your IT expertise and vision to the strategic choices made by the Sulitest team. (1/3 of your time)
- Be the Sulitest interface with our IT partner(s): project management (backlog, sprints…), oversee product's technical specifications and acceptance testing, challenge choices, benchmark. (1/3 of your time)
- Manage and grow the Sulitest IT support team ensuring L1/L2 support for users and implementing acceptance testing of the products under your supervision (1/3 of your time).

This role may evolve and change as the company, and you evolve too.

About YOU

You thrive in a dynamic and meaningful environment and are excited about the opportunity to work for a purposeful project.

- *You have experience in IT project management, and you can speak developers' languages. Business analyst experience is a bonus.*

- *You are rigorous, detail-oriented and driven by users' experience*

- *Data-driven: you like to make data speak and lead the decisions*

- *You speak fluently English and French (Other languages are always a bonus as we are an international organization)*

- *Minimum Engineer or Master level degree plus 3 years of experience; or 5 years of experience*

- *High standards & kindness: with yourself as with others, you seek excellence while accepting to be only a human with limited power*

- *Fun & serious: You work seriously without taking yourself too seriously*

- *Proud & humble: You know how to rejoice in our successes, such as accepting, learning, and sharing your mistakes*

- *Me, We, All of Us: You are committed, and you believe in taking care of yourself, the collective and the whole world*

About Us

- Our core team is composed by Aurelien, JC, and Estela. We are a small, but hard-working and fun team who truly value trust and cooperation. After a successful fundraising we are opening 7 positions to grow our team. Why should you join us? Because we share a bold vision, we help each other to achieve that vision and we trust that each of us is doing our contribution to the best of our ability. And we are very proud to work with a great community of supporters around us!

- At Sulitest, you'll be given a lot of space to explore, contribute and grow. Being part of a small team, you'll often wear different hats, either because the team needs it or because you would like to try a different style. New ideas are very welcome, and if you are proactive and eager to learn, Sulitest is a great place for you.

- Our social business is called Sulitest Impact because impact is at the forefront of everything we do, while we also have the responsibility to make the business successful and sustainable.

- We are big believers of collective intelligence, co-responsibility, and co-creation. Joining Sulitest at this early stage will be even more special as you'd have the opportunity to help us shape the culture and how we work. We also care for each other on a personal level, and we put relationships first.

WHEN
First Semester 2022.

WHERE

We are a close-knit team that knows how to work independently. We have two offices: one in Paris (near the Cours Saint Emilion). and the other in Marseille (in the "Parc National des Calanques" in Luminy).

We like to be together physically to work, but we also know how to adapt to the needs of each one.

REMUNERATION

From 42k€ to 54k€, including individual and collective bonus

HOW
Share with us your CV and why you are interested in the role, by sending an email to contact@sulitest.org
