WHY USING THE TOOL ?

You can **learn** a lot of stuff

This tool focuses on the main themes of Sustainable Development: each question will assess your general knowledge of the challenges of the future and each answer will bring you additional information about them.

It becomes a reference for your **CV**

The tools become a reference in the field of Sustainable Development, recognized by both universities and companies, in more than 60 countries and 700 institutions!

You can obtain a participation badge.

You are a **decision maker** of tomorrow

The results are anonymously studied to map the knowledge in the field of Sustainable Development worldwide. We create reports per country and on specific SDGs, allowing policy and decision makers to act.
