How to create your first Awareness Test session

1. Log in to your account
 2. Go to “Create & Manage Sessions”
 3. Click on “Add session”
 4. Select the language, name your session and choose the type. For the Awareness Test, choose “Learning Mode”
 5. Save & Continue
 6. Choose the appropriate timezone and desired timeframe
 7. The Sulitest Core Module will be included by default, but choose if you want to add a Specialized module
 8. Adjust the introduction and conclusion messages, if needed
 9. Lastly, decide if this session will be anonymous or not.
 10. Save!
 11. Click on “Add candidates”
 12. Choose your preferred method. In both cases, you will receive an email with the information to share with the candidates.
 13. Send the information to the candidates
- Et voilà !
